

JOB POSTING

Junior Biologist

The Organization:

A.E.W. LP was formed in 2017 by Nlaka'pamux Nation Tribal Council member communities to carry out "on the ground" work related to archaeology, the environment and wildlife protection. This work has been made necessary by activities of others within the Nlaka'pamux homeland including transportation, mining, forestry, oil and gas, and utilities projects. The Nlaka'pamux Nation Tribal Council is not opposed to development within our homeland, but developments and activities must be consistent with Nlaka'pamux title and rights.

Why Work with Us?

A.E.W. LP is guided by a commitment to uphold Nlaka'pamux rights and environmental integrity. You will directly contribute to projects that respect and reinforce Nlaka'pamux values. We foster a supportive team environment where all voices are valued, and knowledge sharing is encouraged. We offer flexible work arrangements, including opportunities to work from home, and a strong emphasis on maintaining a healthy work-life balance with competitive compensation:

- Wage range of \$25.00 – \$28.00 per hour

The Role:

A.E.W. Limited Partnership (A.E.W. LP) is seeking multiple full-time fixed term Junior Biologists based in Kamloops, BC. The Junior Biologists supports the collection of wildlife-related data on projects ensuring that they are completed to a high standard and support the protection and advancement of Nlaka'pamux title and rights. Reporting to the Intermediate Wildlife Biologist, the Junior Biologist will:

- Collect, analyse and report on the collection of biological data.
- Support the implementation of biological programs.
- Support the implement of programs for population monitoring, habitat design and effectiveness monitoring, resource planning and risk mitigation.
- Participate in wildlife surveys (i.e., bats, amphibians, ungulates, breeding birds, raptors) and wildlife salvages (i.e. amphibian stream and pond salvages).
- Commitment to the protection and advancement of Nlaka'pamux title and rights.
- Working in partnership with members of the Nlaka'pamux Nation Tribal Council to ensure consistency of approaches and methodologies.
- Other duties as assigned.

Requirements:

- Degree/Diploma in Environmental Studies/Resource Management.
- Eligible to join the College of Applied Biologists as a Biologist in Training.
- Experience operating in a dynamic environment that requires flexibility and teamwork.
- Possess a current and valid Canadian Driver's License.
- Be willing to submit a drug & alcohol test as required by the client.
- An ability and willingness to perform field work in a variety of weather conditions.
- Strong interpersonal skills.
- Experience with UTVs considered an asset.
- Valid First Aid considered an asset.
- Strong interest in wildlife and wildlife ecology

What makes you exceptional:

- Effective written and oral communication skills.
- Excellent organizational skills (prioritizing, time management, record keeping, follow up).
- Exceptional attention to detail and accuracy.
- Excellent computer skills, including knowledge of Microsoft Word, Excel, Project and Adobe Acrobat.
- Exceptional attention to detail and accuracy.
- Strong interpersonal and communication skills.
- Strong team player, self-motivated and proactive thinker.

Submit your cover letter and resume to garchie@aeulp.ca or in person at 1212 McGill Street, Kamloops, BC. The deadline for applications is open until filled. *We thank all applicants in advance. Please self-identify, as preference will be given to Nlaka'pamux*
